WHY NEXEO?

OUR CERCLA INDEMNIFICATION

“ ... Company agrees to indemnify, save harmless and defend Generator from and against any and all liabilities, claims, penalties, forfeitures, suits, and the costs and expenses incident thereto which arise pursuant to the liability provisions of the federal Comprehensive Environmental Response, Compensation and Liability Act, as amended, (CERCLA) and state analogues and which Generator incurs as a result of any materials handled pursuant to this contract ... ”

A HISTORY OF SAFETY AND SUCCESS

Since 1981, Nexeo Solutions' Environmental Services group continues to offer a full spectrum of unbiased sustainable solutions. Our proactive approach brings your financial and environmental goals to the forefront.

CERTIFIED & COMMITTED

Our commitment is safety and efficiency is evidenced in our certifications. Nexeo Solutions is ISO 9001, ISO 14001 and OSHAS 18001 certified.

◆ Integrated Management System

Comprised of Quality & Environmental Health Safety and Security

Documented Management System Manual

◆ Management System Certifications

ISO 9001 - Quality

RC 14001 - Environmental Health Safety and Security

ISO 14001 - Environmental

◆ Registrar Information

Capability to support global certifications

Management system is audited once per year

8 facilities plus corporate functions

OUR COMMITMENT TO YOU

Operate Safely

Comply with all laws and regulations

Provide training and resources to assist our customers in achieving their safety and compliance goals

Manage all regulated and non-regulated waste to achieve maximum customer value and a minimal regulated footprint

OUR UNIQUE ADVANTAGES // Substantial coast-to-coast transportation and warehouse network

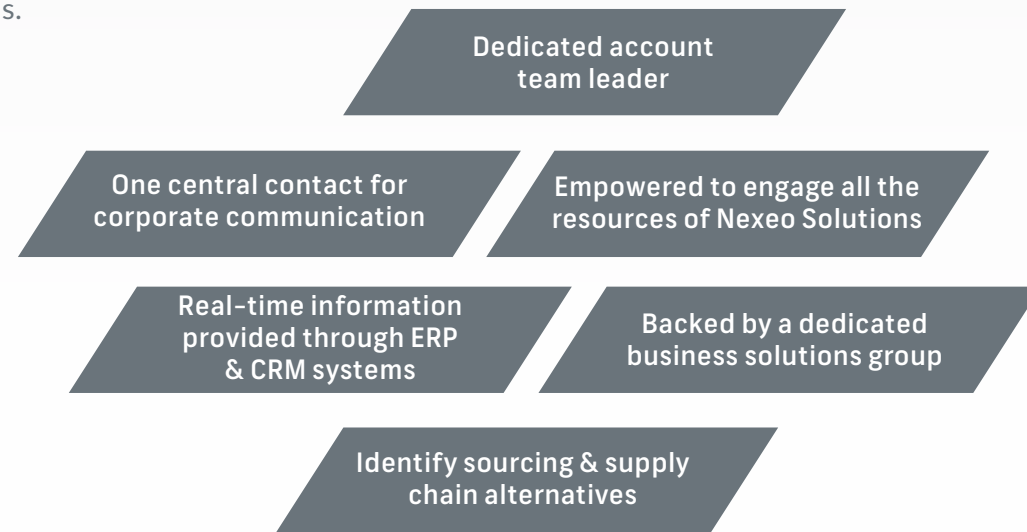

COMPREHENSIVE ACCOUNT MANAGEMENT

FROM SOURCING

TO STRATEGY

STRATEGIC ACCOUNT MANAGER (SAM)

Our dedicated account managers provide you with one central contact for all your environmental needs.

REGIONAL ACCOUNT MANAGER

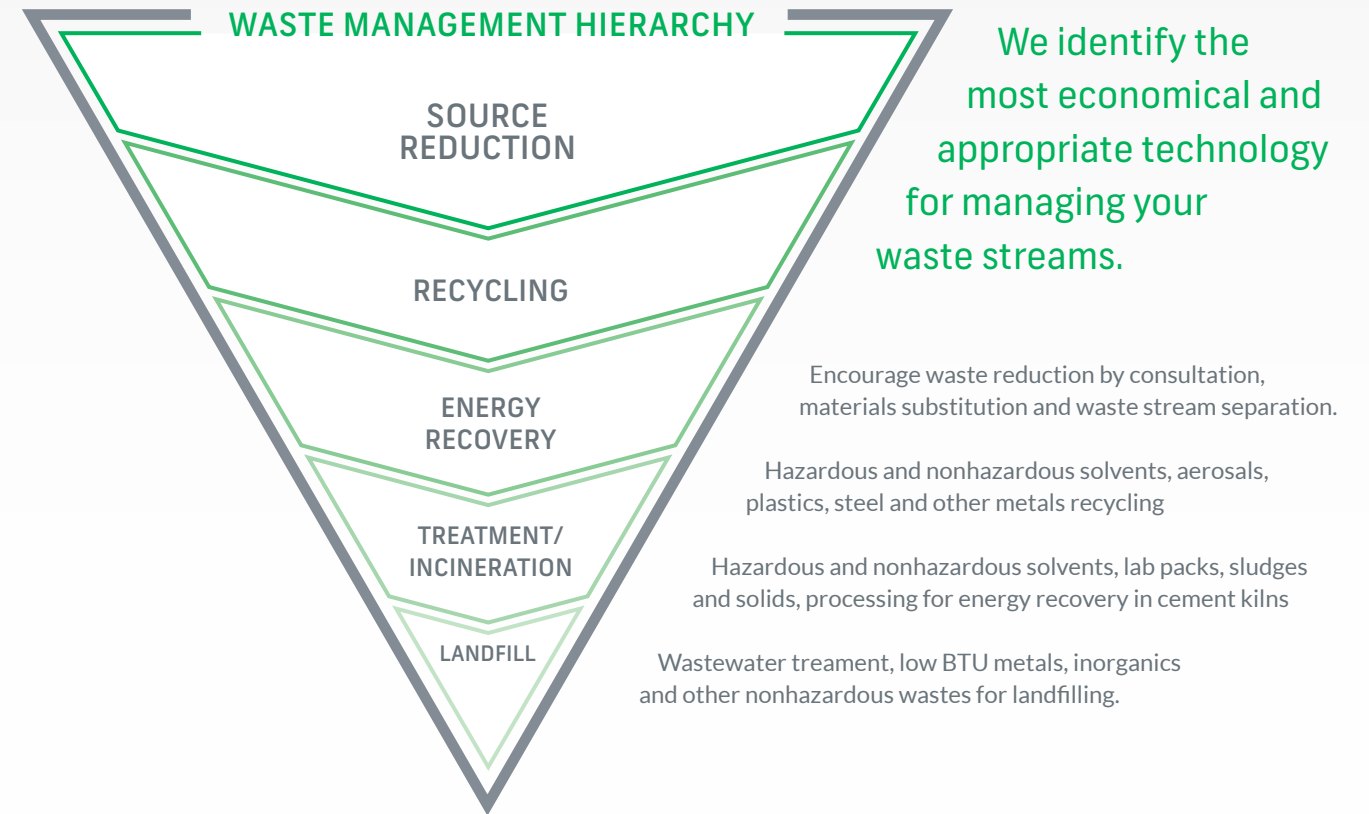

Our regional account managers offer local site representation to implement and manage your desired waste strategy.

OUR UNIQUE ADVANTAGES // Financial strength to offer Superfund liability protection

WASTE MANAGEMENT SERVICES

Because Nexeo Solutions is a chemical distributor, we understand your situation and your day-to-day concerns as a waste generator. Having faced many of the same environmental challenges you encounter, you can be confident that your tailored solutions will incorporate our best management practices.

OUR UNIQUE ADVANTAGES // Extensive supplier auditing program

RECOVERY & REUSE PROGRAM

Proactively manage your company's waste streams.

Our Recovery & Reuse program offers the opportunity to partner with a company who embraces product stewardship, sustainability and can enable you to stay compliant with applicable laws and regulations.

Turn your waste streams into valuable products utilizing separation and distillation.

Utilizing Beneficial Reuse, we will find an outlet for your waste material to be used as a product substitute.

LAB PACK WASTE COLLECTION

Full-service lab pack services with on-site technicians to handle the work

Economical, self-pack options with detailed instructions

A one-stop shop, providing all of the suppliers you need for lab packs, including drums, pails and absorbents

Qualified sales associates to handle audit and perform prep work on profiles

Quickly and safely dispose of small containers of chemicals, solvents and industrial supplies.

WHAT IS INTEGRATED RESOURCE MANAGEMENTSM?

On-site, objective, turnkey, integrated solutions.

Dedicated IRM service teams provide best-in-class, on-demand service alternatives and custom designed on-site service that allow you to focus on your core competencies.

◆ Traditional in-house functions include:

- Zero-landfill goals
- Vendor consolidation
- Lower procurement costs
- Labor optimization

◆ Non-core function services include:

- HAZMAT & Safety Training
- Recycling
- Sourcing
- Vendor Management
- Waste Management
- Remediation
- EMERGENCY RESPONSE

WHY INTEGRATED RESOURCE MANAGEMENT?

Nexeo Solutions Environmental Services are custom-designed for each customer to meet or exceed their disposal goals. We build and service our processes directly into yours, giving you more time to focus on what you do best.
