**A LEADING
DISTRIBUTOR**

FOR THE PLASTICS
PROCESSING INDUSTRY

nexeosolutions.com

ABOUT

NEXEO SOLUTIONS

In Europe, **Nexeo Solutions** is exclusively focused on plastics distribution, offering a strong mix of Engineering, Specialties and Commodity plastics sourced from industry-leading suppliers. Industry-specific support includes a dedicated automotive and medical team.

Nexeo Solutions is the largest global chemical, plastics and composites distributor with a centralized business model. Operating in over 70 countries worldwide, **Nexeo Solutions** offers 27,000 products in America, EMEA and Asia.

Nexeo Solutions serves a broad cross selection of industries, including packaging, construction, automotive, healthcare and personal care. The company provides broad logistic capabilities, in-depth market knowledge and dedicated technical expertise. As a private company employing approximately 2,600 employees, **Nexeo** connects a network of over 1,300 suppliers with a diverse base of more than 29,000 customers.

GLOBAL LEADING

CONNECTING YOU

TO YOUR MARKET NEEDS

End market-oriented sales approach

- **Dedicated Healthcare and Automotive Team of Specialists**
- Insights on customer needs, regulatory requirement and changes, market trends
- Identify new material and application opportunities

AUTOMOTIVE

Our materials are approved to key OEM specifications and cover a wide range of performance targets such as impact resistance, durability, aesthetics, lower density, high flowability and low thermal expansion.

- Global customer and Project coordination
- Dedicated Corporate Account Managers, Field Sellers and ADE
- Our ADE's are comprised of experienced industry professionals who will collaborate with the R&D departments to ensure a total competitive solution
- Expertise in material selection, part design and tool design
- Following the supply chain from Tier III up to Tier I and OEMs

HEALTHCARE

Nexeo's product line of material solutions for healthcare applications meet characteristics needed for cardiovascular, drug and fluid delivery, lab ware, medical lighting and lenses, packaging, trays, monitoring and imaging, nonwoven disposables, orthopaedics, respiratory devices and surgical instruments.

- Global customer and project coordination
- Offering customized solutions to the healthcare OEM and processor
- Technical, regulatory and end use market compliance documentation, including supplier end use approvals
- Dedicated Application Development Engineers

Nexeo Solutions does not support applications for any Class III medical devices including most implants.

We design customized solutions to help you on a wide range of end markets

- Packaging
- Electrical&Electronics
- Building&Construction
- Sports&Leisure
- Personal Care
- Small/Large appliance
- Furniture
- Agriculture
- Optical Media
- Textiles
- Toys
